

Thank you for downloading my Stampin' Blends labels.

These labels are designed to be printed on punched out onto shipping labels and then punched out with 3/8" circle punch and 1/2" square punch. I purchase these all on Amazon.

The circles are for each end of your Stampin' Blends, and the square is for labeling the location that you store your blends.

The first two pages area all current blends, the second to last page is only the new In Colors added with the 25/26 Annual Catalog, while the last page is only the 24/26 In Colors. Print out the pages you need.
