

Product Shares

I'm offering product shares for the new 2018 Stampin Up Occasions and Sale-a-Bratton Catalogs.

I have three shares, Designer Series Paper, New Ribbon, and Embellishments. The Designer Series Paper, Ribbons, and Embellishments are listed by name and can be seen when you receive your catalog. Trust me....they're amazing!!

What is a Product Share?

Have you ever been out to dinner with a friend and you can't decide which dessert to get, so you order two different desserts then divide them between you and your friend and you also divide the cost?? This is the same thing. You get to enjoy a little bit of each of some amazing products for a portion of the price....and here's the best part – I'm going to do all the work.

How does the Product Share Work?

- You fill out the form at CraftyStampin.com letting me know you which shares you want.
- I send you a Square invoice via e-mail, you'll have up to 48 hours to pay.
- You pay the invoice, via credit card, you don't need an account with square.
- I order all the products from Stampin Up to be delivered to me.
- I cut or divide up the products.
- I mail to you via Priority Mail to you.

** Product shares cannot be used as your monthly club order.

** If you are local to Stow, MA and would like to pick up your shares, I'll remove the shipping from your invoice.
